OK Monitor status since 9 minutes ago (17 Sep, 22:07:25 MSK)

Mute  

[Auto] Clock in sync with NTP

▼ Properties

Custom Check

ID: 273023

Created at Sep 17 2020 21:34
by Datadog Support

TAGS 

QUERY

```
"ntp.in_sync".over("*").last(2).count_by_status()
```

MESSAGE

Triggers if any host's clock goes out of sync with the time given by NTP. The offset threshold is configured in the Agent's `ntp.yaml` file.

Please read the [KB article](#) on NTP Offset issues for more details on cause and resolution.
